A report by the Chair on the activities of the Company

The Chair presented a report on the Fund's activities in the last financial year, including an update on grants awarded under the main fund; an update on local grants; the role of the directors, and how ANCBC funding has supported communities since the pandemic. The Chair expressed his thanks to ScottishPower Renewables (SPR), Foundation Scotland, the ANCBC communities, directors, and members.

ANCBC continued to distribute local grants, which go directly to community councils, and from which they can develop their own projects or make onward grants to groups within their communities. The grants are now set at £4,000 per community council. £108,000 in local grants were distributed to 27 community councils during the year.

Between April 2023 and March 2024, ANCBC distributed a further £359,852.00 through open grant-making. Awards were made to 32 local groups. Of these, 10 awards were between £500 and £5,000 and 22 awards were between £5,001 and £20,000.

ANCBC commissioned a production company to create a vibrant collection of films and photographs telling visual stories of the impact ANCBC funding has on grassroots community efforts to larger-scale projects. A selection of photographs was shared demonstrating how visual storytelling can bring projects to life, allowing audiences to see the dedication and passion of the people behind them.

A financial report by Lorna MacDonald, Foundation Scotland on the financial activities of the Company
